The Commercial and Technical Terms of Delivery of USG apply to this order.

Terms and Conditions:

- Assignment to be carried out in accordance with the Technical and Commercial Terms and Conditions of Supply of USG B.V.
- In the event of a disconnection, USG's obligations with respect to the product and maintenance management of the connection shall terminate upon physical disconnection of the connection.
- In the event of a disconnection request, the supply shall be terminated by USG through locking of the Battery Limit within a maximum period of eight (8) weeks following receipt of the request. If, due to circumstances attributable to the Customer, the disconnection cannot be carried out, the effective termination date and any related final settlement shall be postponed accordingly until such disconnection can be completed.
